CARLOS CATALÁN

SUMMARY

Future software engineer who loves technology and continuous learning.

I have a way with words and I identify myself by my leadership and a taste for teamwork. I have been developing software for my own pleasure since I was 15 years old. I am very interested in continuing learning andgive the best of myself.

WORK EXPERIENCE

Freelancer| 2016 - 2017

I developed some small projects for a gym. The highlight was an access control for members developed in VB.

This streamlined the gym management process.

ACADEMIC TRAINING

Student of the Information Systems Engineering program at the University of Sonora.

I am currently in the titling process.

Online Courses and Certifications.

Among the highlights is the Machine Learning course by Andrew Ng offered by Stanford University.

ADITIONAL SKILLS

- **Leadership**
- **Teamwork**
- **Communication and self-expressing**
- **Taste for learning**
- **Selling skills**
- **Event organization**

TECHNICAL SKILLS

MUSIC DIRECTOR

Since 2012 I have played in different bars, weddings, cultural events, etc. But since 2018 I started to implement and direct musical projects in bars, such as in the Papá Oso Bar, El Muelle Mariscos Bar, etc.

I consider this experience very important because in addition to reinforcing my ability to work as a team, it gave me more experience as a leader and sales work.
