Personal Profile

I have a way with words and I identify myself by my leadership and a taste for teamwork. I have been developing software for my own pleasure since I was 15 years old. I am very interested in continuing learning and give the best of myself.

Personal Projects

Python-Pipeline

Flask API workflow in GitHub Actions and basic infrastructure with Terraform and AWS

- CI/CD GitHub Actions
- Basic testing (Flake8, Pytest)
- Build with Docker
- Relase in Docker Hub
- Deploy in EC2 (AWS)
- Basic VPC with Terraform

HA-VPC

High availability architecture for AWS using Terraform.

- VPC
- Subnets
- Availability zones
- Nat gateways
- Internet gateways
- Route tables
- Etc.

More projects in my GitHub...

Aditional Skills

- Leadership
- Teamwork
- Communication and self-expressing
- Taste for learning
- Selling skills
- Event organization

Music Director

Since 2012 I have played in different bars, weddings, cultural events, etc. But since 2018 I started to implement and direct musical projects in bars, such as in the Papá Oso Bar, El Muelle Mariscos Bar, etc.

I consider this experience very important because in addition to reinforcing my ability to work as a team, it gave me more experience as a leader and sales work.

Education

Universidad de Sonora
Software Engineer

Stanford Online
Machine Learning

Technical Skills

- Linux (Ubuntu)
- Bash
- Python
- SQL
